# Welcome!

Planning a wedding is a beautiful whirlwind – timelines, vendors, family, details, and a hundred tiny decisions that lead to one unforgettable day. In the middle of all of it, photography becomes the one thing that lasts.

Long after the dress is packed away and the cake is gone, your photographs are what remain. They're how you'll remember the way it felt – the deep breath before walking down the aisle, the quiet hand squeeze, the way your partner looks at you when you aren't watching.

That's where I come in.

That's where With Love Photography comes in. I am your photographer, calm presence, timeline helper, dress fluffer, and professional third-wheel. I blend refined, luxury storytelling with genuine connection. I'll guide you when needed, step back when it matters, and preserve the real moments happening in between.

Your wedding day will move quickly. My job is to make sure your memories don't.

# OUR VISION

As a photographer, my mission is to document the magic of your wedding day in a way that feels both authentic and extraordinary. I am here to capture the raw emotion, the spontaneous moments, and the timeless memories as they unfold. I believe in staying in the background, offering gentle guidance when needed, and allowing you and your loved ones to immerse fully in the joy of the day without distraction.

My approach is to blend seamlessly into the flow of your celebration, focusing on the little moments—the laughter, the tears, the quiet exchanges—and making sure nothing is missed. The photos I create are true to the colors of the day, with a touch of vibrancy and drama to give each moment the life and depth it deserves.

I see my role as not just a photographer but a storyteller capturing the essence of your love, the excitement, and the beauty that surrounds you. When you look back at your photos, I want you to feel as though you are reliving every second—the nervous excitement of the morning, the tears of joy during vows, the carefree moments of celebration, and the love that fills the air. My goal is to create images that are not just beautiful but meaningful, lasting memories you will treasure forever.

Let me help you preserve your wedding day exactly as it happens—full of life, full of love, and full of unforgettable moments.

A bride and groom are dancing outdoors. The bride is wearing a long, flowing white wedding dress with floral details and a tiara. The groom is wearing a light-colored suit. They are standing on a grassy area with a large weeping willow tree in the background. The scene is captured in a soft, slightly dim light, possibly during the 'blue hour' of sunset or sunrise.

# Are we a GOOD FIT?

- 01 YOU WANT SOMEONE TO CAPTURE YOUR DAY EXACTLY HOW IT IS
- 02 YOU WANT A PHOTOGRAPHER WHO IS EXPERIENCED AND PREPARED FOR ANYTHING THAT MAY COME UP
- 03 YOU APPRECIATE A CORNY SENSE OF HUMOR & DON'T MIND A PHOTOGRAPHER WITH POOR DANCE MOVES

*If these sound like the person you are looking for, let's chat! I may not have the best dance moves, but I promise to give you the best experience on your big day!*

CAPTURING ALL THOSE SHINY DETAILS.

# BEFORE *and* AFTER

As a photographer, the editing process is just as crucial as capturing the perfect shot. While a well-composed, well-lit photograph is the foundation, editing is where the image truly comes to life. It allows me to fine-tune details, enhance the mood, and bring out the true essence of what the moment. It's about more than just correcting exposure or white balance; it's about crafting a visual narrative that resonates with the viewer.

Beyond aesthetic improvements, editing also allows for the removal of distractions or imperfections that may have been present during the shoot. Whether it's a stray hair, an unwanted object in the background, or an overexposed highlight, these small imperfections can detract from the overall impact of an image. Through tools like cloning, healing brushes, and selective adjustments, editing gives me the power to refine the image and ensure that the viewer's attention is focused exactly where it needs to be.

Ultimately, editing is an essential part of delivering a polished, professional product. It's not about altering the reality of the image but enhancing it, guiding the viewer's eye, and reinforcing the story behind the photograph. A well-edited image can transform a simple snapshot into a powerful visual statement.

Katie did an amazing job capturing our favorite moments on our wedding day. She was prompt with all correspondence leading up to the event, very professional, as well as kind and fun to work with! Our photos were beautifully edited (it was incredibly windy, but you wouldn't know by the majority of the photos), and available to us within 30 days of the event. I have never been professionally photographed and was nervous to do so for the first time on such a big day – I didn't need to be, because Katie swept through the room with ease, gave direction where we needed it, and for the most part was incognito. Would recommend her services to anyone!

Katie is fantastic and so easy to work with! She seriously bases the entire day off what you want for pictures and goes with the flow. She is amazing. Great quality pictures.

Katie was one of the first vendors we booked when we got engaged. She was responsive to our initial inquiry and then took the time to meet with us in person so we could ask all the questions and build a rapport. Throughout the entire process, she had great communication, just checking in, offering tips and handling my anxiety and problems. She is a passionate person and that comes through in her work. She gave sneak peeks and all of her work is phenomenal, and we've gotten a ton of compliments.

# FAQ

**Q: WILL WE GET THE PRINT RELEASE TO OUR PHOTOS AFTER OUR WEDDING?**

A: Yes! Upon receiving your images, you will also get a full print release.

**Q: DO I HAVE TO ORDER PRINTS THROUGH YOU?**

A: We highly recommend ordering prints through one of our professional vendors, but it isn't required. There is a huge quality difference when printing through a professional lab, so we are always happy to help with prints!

**Q: WILL MY PHOTOS BE POSTED PUBLICLY ON YOUR SITE OR SOCIAL MEDIA?**

A: We respect your privacy and allow each client to decide whether they want their photos displayed publicly. We would love to show off you and your images, but only if you are game. If not, that's fine, too.

**Q: WILL YOU PHOTOSHOP MY IMAGES TO HIDE ANY UNWANTED SPOTS, WRINKLES, ETC?**

A: Minor edits will be made to all of your images, but I believe our imperfections are what make us beautiful and unique. If there are specific edits you want, these will be charged based on how many hours they take to edit.

**Q: DO YOU HAVE A LIST OF PREFERRED VENDORS TO USE?**

A: Yes! From DJs to florists and caterers, we have worked with some of the best companies in the industry and would love to share their information with you! Just ask!
